Medium length cut and blowdry

"Always have an amazing cut. She takes time to make it perfect, which it always is. I love the scalp massage when I have my hair washed. This is my only time for me to relax and feel like me again. Also the atmosphere is calm and lovely.

She really understands my needs for my hair ie I want it short but so I can still tie it up. When I had questions she was very knowledgeable about what best to do. "
