"I have lived in the West Country for 5 years now and have battled to find a hairdresser that does what I want done. Generally they do what they want to do. I have been going to Victorias for over a year now, thank heavens I found her, and have never been disappointed. I have asked Victoria previously to try something different and I hated it. It wasn't a problem and she carried on to do my normal cut. If you want a great hair salon with kind and understanding stylists who actually listen then I would honestly recommend Victoria and her lovely ladies at the salon. "

"Victoria is by far the best hairdresser I have had the pleasure of colouring and cutting my hair in over 20 years! She clearly has years of experience with colouring and styling and knows exactly what she is doing, but will always take time to discuss what's best for you and your hair, and not just take your money. She is extremely professional, yet kind and approachable. All the staff are lovely and make you feel welcome, and they are not intrusive or appear superior like some top end salons. Previously, I was the type to pop on a box dye, cancel appoints and even cut my own hair! Unsurprisingly, I was never satisfied with my hair and it was in poor condition. Now my hair is transformed - she is a true genius! You will not be disappointed with Victoria Spa! "
